2020 Indian Health Review and Update on Colposcopy and HPV

February 18, 2020
Marriott Albuquerque
2101 Louisiana Blvd NE
Albuquerque, New Mexico 87110

This one-day course will update the practicing colposcopist on many cutting edge developments related to the practice of colposcopy and the diagnosis and management of HPV related lower anogenital tract disease. Local and internationally renowned speakers will address the natural history of HPV including new information on the relation between HPV and the vaginal microbiome, future directions of cervical cancer screening, new national standards for colposcopy, screening for HPV related anal cancer and other topics that will keep those interested in lower anogenital tract disease current. As in the past, there will be small-group case review sessions with discussion of colposcopic images.

Course Objectives

- ◆ Discuss trends in incidence and mortality from cervical cancer in Indian Country
- ◆ List two new developments in recommendations for HPV vaccination
- ◆ Review the natural history of HPV and its relation to lower anogenital tract cancers
- ◆ Discuss the potential benefits of dual stain testing and extended HPV genotyping in cervical cancer screening
- ◆ Review ASCCP's standards for colposcopy
- ◆ Discuss cervical cancer screening in women with solid organ transplants
- ◆ Review the indications and technique for anal cytology
- ◆ List two significant risk factors for vulvar cancer
- ◆ Discuss the role of the vaginal microbiome in the neoplastic transformation of HPV infected cells

Accreditation

The University of New Mexico School of Medicine Office of Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Office of Continuing Medical Education designates this live activity for a maximum of 6.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

2020 Indian Health Review and Update on Colposcopy and HPV

Tuesday, February 18, 2020

7:30 am	Registration	
8:00 am	Welcome and Introductions	~ Alan G. Waxman, MD, MPH
8:10 am	Cervical Cancer in Indian Country	~ Stephanie Melkonian, PhD and Melissa Jim, MPH
8:30 am	Natural History of HPV and Cervical Neoplasia	~ Anna-Barbara Moscicki, MD
9:00 am	ASCCP Colposcopy Standards	~ Alan G. Waxman, MD, MPH
9:30 am	How will we manage a positive HPV test in the future	~ Teresa Darragh, MD
10:00 am	Cervical cancer screening in women with transplants	~ Anna-Barbara Moscicki, MD
10:20 am	Question and Answer	~ Alan G. Waxman, MD, MPH
10:40 am	Break	
11:10 am	Breakout Session 1: Interactive Case Review	~ Faculty
12:00 pm	Lunch on your own	
1:10 pm	The role of the vaginal microbiome in cervical cancer	~ Anna-Barbara Moscicki, MD
1:30 pm	HPV and anal neoplasia	~ Teresa Darragh, MD
2:00 pm	Vulvar Intraepithelial Lesions	~ Alan G. Waxman, MD, MPH
2:30 pm	Update on HPV immunization in the U.S.	~ Naomi Swanson, MD
3:00 pm	Question and Answer	~ Alan G. Waxman, MD, MPH
3:20 pm	Break	
3:40 pm	Breakout Session 2: Interactive Case review	~ Faculty
5:00 pm	Closing and Evaluations

2020 Indian Health Review and Update on Colposcopy and HPV

Complete this section if you have had previous colposcopy training/experience

Where did you learn colposcopy? _____

How many years have you been practicing colposcopy? _____

If you learned colposcopy through IHS or ASCCP, are you finished with your mentorship? YES NO

If yes, when? _____ If no, how many colposcopies have you finished? _____

If you learned colposcopy through a non-IHS program, did your training include a period of hands-on supervision with a teacher or mentor? YES NO

Other colposcopy courses taken: _____

The Mentorship

Learning to do colposcopy requires at least two educational components, a basic course and a period of hands-on mentorship or preceptorship. In the mentorship the fledgling colposcopist works side by side with an experienced colposcopist until a degree of competency is reached. There are two avenues by which a colposcopist in the I/T/U system can complete the mentorship. One is to complete the formal ASCCP mentorship program of 25 supervised exams followed by successful completion of an on-line examination. (see www.asccp.org/Education/Education-eLearning/Colposcopy-Mentorship-Program-CMP) The other way of completing the mentorship is through IHS and requires completion of 50 exams and recommendation by the mentor without the exam. New colposcopists are encouraged (though not required) to have identified a mentor prior to taking the course.

ACCOMMODATIONS

This course will be held at the **Marriott Albuquerque** Uptown, 2101 Louisiana Blvd. NE, Albuquerque, New Mexico 87110. A block of rooms has been reserved for participants of the course for the nights of **Monday, February 17, 2020**. Please identify yourself as a participant of the **Indian Health Review Colposcopy Courses**, and you will receive the group rate of \$94.00 + applicable taxes.

[Make your reservations online](#) **OR Call 1-800-325-3535**

Cancellation: If you cannot attend, UNM Office for Continuous Professional Learning will refund tuition, less a \$40.00 administrative fee provided it is received in writing on or **before February 4, 2020**. No refunds will be issued after this date or for non-attendance. Conferences are subject to cancellation. In the event this conference is cancelled, UNM CPL is not responsible for any airfare, hotel, or other costs incurred.

Participants requiring special accommodations should contact UNM CPL as early as possible. UNM is in compliance with the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990.
