A Word from FC2 maker, Veru:

As a New Year begins, we, at Veru, wanted to reach out to you to extend our gratitude to you, supporters of FC2, for the work that you do. The female condom has empowered individuals to take control of their sexual health for nearly 25 years. We remain committed to making FC2 available through multiple access points though we heard loud and clear that there is an opportunity for education around expanded access.

As such, we wanted to assure that you all, and especially our Health Department partners, know the ways that FC2 can be accessed. The below graphic lays that out. Interested parties can visit www.fc2.us.com for pricing and ordering information.

INCREASING ACCESS
6 Ways to Access FC2 Female Condom

The only FDA approved for market female condom. Hormone and Latex free, proven safe and effective.

- 1 Dept. of Health/Community Organizations**
 Individual condoms are available for direct purchase from Veru Inc. to 501(c)(3) and not-for-profit agencies for distribution through community outreach and awareness. Coming Soon: Search for organizations carrying FC2 on our website.
- 2 By Prescription**
 FC2 12-Packs are available with a prescription and are covered by most insurance companies with \$0 copay. The Rx can be filled at a local pharmacy or sent to a specialty pharmacy* who will deliver to the home at no additional cost.
*Certain states only, please visit our website for more information
- 3 Telemedicine HeyDoctor app**
 Download the HeyDoctor app* and utilize this service to have an RX sent to a local pharmacy or shipped home via a specialty pharmacy* for just \$5 (free with code: FC2)
*Certain states only, please visit our website for more information
- 4 340B Covered Entities**
 Contact your distributor to obtain 12-Packs of FC2 through the 340B Prime Vendor Program (PVP). We are committed to helping providers purchase FC2 at discounted pricing.
- 5 FC2 For You**
