

# Program Evaluation TA Event (PETE)

## Description:

This 2.5-day technical assistance (TA) event for **MPH-level epidemiologists** from health department HIV/STD programs will combine peer-to-peer sharing, skills-building exercises, lectures, and work developing personal evaluation plans.

The aim of this event is to increase participants' capacity to conduct **quantitative evaluations of activities related to HIV testing, field services, PrEP, and interventions related to the HIV care continuum.**

## Where?

The University of Washington main campus in Seattle, WA

## When?

We will host two PETE cohorts in 2018:

Cohort 1: **June 13-15<sup>th</sup> (half day only on the 15<sup>th</sup> to allow for travel)**

Cohort 2: **September 11-13<sup>th</sup> (half day only on the 13<sup>th</sup> to allow for travel)**

**APPLY using [THIS LINK](#) by FEBRUARY 16<sup>th</sup>, 2018**

Please direct questions to Sam Benson ([skbenson@uw.edu](mailto:skbenson@uw.edu))

*Epidemiologist/participant: "I think this has been the most enriching event I have attended in a long while now... Thank you for making it happen!"*

*Epidemiologist/participant: "The lectures and discussions were so helpful and engaging and it gave me some much needed time away from the office to focus on my evaluation project."*
